APPROVED DOCUMENTS

The list of approved documents are

- Lease document—to be printed on acid free legal blue paper.
- Lost Licence Declaration
- Surrender of Burial Rights
- Transfer of Licence Declaration
- Confirmation of Burial Detail.

These documents have been issued to all Regional Curators. Further copies are available from the Registry.

The Lease Documents must be printed on legal blue acid free paper with black type and bound and finished with a hard cover. A further identical numbered copy of the lease document can be made by copying the lease document, which should remain in your files for identification of graves or interment sites, if your lease book is lost or destroyed. The Regional curator will ensure that all cemetery documents are kept in good order and up to date. All cemetery records not required are to be sent to the State Archivist (Mortlock Library). In case the lease book is lost or destroyed an identical numbered copy of each lease document must be made and these copies must be kept on file in a place separate from the lease book.

Each cemetery is required to have a ground plan showing name, row and grave number, each person or persons buried or where ashes have been placed. This plan is to be kept in a safe and secure place. Attention is drawn to the Local Government (Cemetery) Regulations 1995.

This person is appointed by the Diocesan Council at the first meeting of the Council after the first Synod of each Triennium for a three year term unless otherwise determined by the Diocesan Council. Each Cemetery will have a regional curator who will report to the Diocesan Curator and also follow the duties listed below.

FINANCIAL STATEMENTS

The regional cemetery curator is to provide an audited statement of income and expenditure to the Diocesan Curator at the end of each Diocesan financial year, together with a report on the cemetery. Both of these documents are to be **tabled** for information only at each annual vestry meeting, it should be noted that the accounts of the cemetery do not form part of the parish accounts nor is the income deemed to be parish income.

MONUMENTS & MEMORIALS

Before proceeding to place any monument or memorial on a grave, you must receive and approve the application from the monumental mason (copy of the application form enclosed) together with the appropriate fee (as shown on the enclosed Diocesan memorial masons' regulations).

Each cemetery curator is to advise the Diocesan Curator of the regulations for their cemetery. Please copy the approved regulations, using your own cemetery name etc.

REGIONAL CURATOR'S DUTIES & NOTES
